The Superintendent's Message

El Aguila provides a record of the past year's activities in our school. This record will refresh our memory for many years to come. The publication of this record is also an indication of our confidence in the future.

The students, the faculty, the annual staff and the sponsors share the belief that the activities recorded have provided experiences for wholesome living. Through these activities abilities, aptitudes and talents have been discovered. Some students have developed these qualities while here in school. Many are constantly working toward improvement.

Happiness and a full life will be the property of those who use the qualities they possess to serve God and man.

Our congratulations are extended to those who have so diligently used their time and abilities to make this yearbook a treasure for each of us.

Miss Evelyn Rejcek
Secretary to Superintendent

The Principal's Message

I shall long remember the wonderful spirit of all of you during this school year. Always remember that happiness and satisfaction in what you are doing are important factors in determining success. May the spirit of understanding and cooperation that you have so willingly manifested during this school year be yours throughout your life.

At the beginning of the season, the Hillsboro Eagles won many games. They won 3rd place in the West Tournament. In the Marlin Tournament they were awarded the Sportsmanship Trophy.

As the season progressed the competition was tougher, but the spirit of the team remained the same. The team finished the season in the same way that they had begun it—with victories.

The Waxahachie Indians were the Champions in district play and the Hillsboro Eagles gave them their toughest competition.

The Editors' Note

Here it is—El Águila of 1956. The 160 pages of copy are designed especially for you. We have worked for six months and have enjoyed every minute of it. We have strived to record events and activities of the school year and to make this a treasure-book of memories. Of course, we could never have succeeded if we had not had cooperation. —

We especially thank our sponsor, Mrs. Ruth C. Kendrick, who has worked so diligently. Although this was her first year to sponsor an annual, Mrs. Kendrick has done a wonderful job.

We wish to express our special thanks to the business men of Hillsboro who have graciously supported El Águila of 1956. We are also very grateful for the understanding and cooperation of O. J. Grizzle.

We appreciate the cooperation of Mr. Brockette, our superintendent, Mr. Johnson, our principal, and every faculty member. They have done much to make this annual a success.

Our deepest appreciation goes to the student body. You, the students, have made this yearbook what it is.

El Águila is yours! We hope that the memories associated with it may always be pleasant.

Lillie and Rosemary
